## ZONING REGULATIONS

### GENERAL GUIDELINES

1. All future developments/ constructions shall be in conformity with the provisions of the Development Plan for Tellicherry (Thalassery) Town and the Kerala Municipality Building Rules in force.
2. For the implementation and enforcement of the proposals envisaged in this Development plan, areas have been zoned under various categories such as Residential use zone I, Residential use zone II, Commercial use zone, Public and semi-public use zone, Industrial use zone, Transportation and communication use zone, Agricultural use zone, Playground, parks and open spaces, Ecologically sensitive area, Existing water logged area, Railway Broad Gauge, Rivers, Canals, etc. Details regarding the nature of uses 'permitted', uses 'restricted', and uses 'prohibited' in each zone are described in the general notes, guidelines and tables given below. These regulations shall be enforced in conjunction with other specific provisions if any mentioned elsewhere in this scheme.
3. "Uses permitted" in a zone cover the uses that can be normally accommodated in the relevant zone. Such uses may be permitted by the Secretary of Thalassery Municipality (herein after referred to as the Secretary). In some cases, it may be possible to permit some other uses also, which are not likely to affect the quality and environment in a zone specified for a particular use. Such cases have to be individually studied based on their performance characteristics and special locational factors. Such cases which come under this category are classified as "Uses Restricted -1 and Uses Restricted -2".  
"Uses Restricted-1" category deals with the uses that may be permitted by the Secretary with the concurrence of the Town Planner of the Local Self Government Department Planning, Kannur, having jurisdiction of the area (hereinafter referred to as Town Planner).  
"Uses Restricted -2" category deals with the uses that may be permitted by the Secretary with the concurrence of the Chief Town Planner of the Local Self Government Department Planning.  
"Uses prohibited" enlists the various objectionable uses in each zone which shall not be permitted under normal circumstances. All uses which do not come under 'Uses permitted' or 'Uses Restricted' shall be considered as 'Uses prohibited'.
4. If any space in a zone is put to a "Uses Prohibited" as stated in Para 3, before the sanctioning of the Development Plan, such use shall be termed as non-conforming use. A non-conforming use may be allowed to continue in its existing location and essential repairs and maintenance for the structure may be permitted by the Secretary, provided that the said use create no adverse environmental influence in the zone. Addition, alteration or reconstruction, if found necessary as part of any mitigation measures may be permitted for such uses by the Secretary with the concurrence of the Town Planner. The total built-up area of such non-conforming use shall not exceed 1.5 times the existing built-up area.

5. Zoning regulations are not intended to prohibit existing uses that have been lawfully established prior to the enforcement of these regulations, unless otherwise specifically mentioned in this Development Plan. All existing uses in every zone shall be permitted to continue.
6. Existing areas and structures of archaeological importance, agricultural uses, and religious uses may be retained in all the zones and shall not constitute non-conforming uses.
7. Provisions under the Kerala Conservation of Paddy land and Wet Land Act, 2008, Disaster Management Act, Archeological Sites and Remains Act, Coastal Regulation Zone notifications, Aircraft Act 1934, Environment Protection Act 1986, Central Pollution Control Board Guidelines and any other applicable statutes as amended from time to time will prevail over the respective provisions of this Development Plan.
8. Constructions/development in archeologically important and heritage sites in the Development plan area shall be regulated/prohibited as per the Ancient Monuments and Archeological Sites and Remains Act 1958 and the Ancient Monuments and Archeological Sites and Remains (Amendment and Validation) Act 2010 and its amendments from time to time.
9. Regulation of constructions and/or land developments on the sides of new roads/roads proposed for widening as per the Development Plan shall be governed by the distance from the centerline of the road unless otherwise specified in the Development Plan or any detailed road alignments approved by the Government. If widening on one side of any stretch of the road is constrained due to the physical barrier of water body and railway land, the road widening in that stretch shall be accounted from the other side.
10. In land up to depth of 100 m, on either side of the road, having an existing or proposed width of 12 m or more, uses listed under Commercial use zone, Public & Semi-public use zone and Residential use zone-II may be permitted by the Secretary in Residential use zone -I, Residential use zone-II and Public & Semi- public use zone if not allowed otherwise by these zoning regulations. Provided that if the plot extends beyond this boundary, uses permitted as above may be provided for the entire plot except in Ecologically Sensitive Area and Existing water logged area.
11. In land up to depth of 150 m, on either side of the road, having an existing or proposed width of 20 m or more, uses listed under Commercial use zone, Public & Semi-public use zone and Residential use zone-II may be permitted by the Municipal Secretary in Residential use zone -I, Residential use zone-II and Public & Semi-public use zone if not allowed otherwise by these zoning regulations. Provided that if the plot extends beyond this boundary, uses permitted as above may be provided for the entire plot except in Ecologically Sensitive Area and Existing water logged area.
12. Projects of Central/State Government, Local Self Government Institutions, Public Sector Undertakings, other Government Institutions and Government approved projects and schemes may be permitted with the concurrence of the Town Planner in all zones.
13. Expansion/ modification of existing public and semi-public buildings, hospitals, educational institutions, industrial establishments in Annexure I and their incidental uses shall be permissible in its adjacent plots

irrespective of the zoning regulations proposed in such plots, subject to the provisions of Paddy Land and Wet Land Act, Coastal Regulation Zone notifications in force.

14. Silence Zone, as prescribed by the Noise Pollution (Regulation and Control) Rules, 2000 as amended from time to time, shall be applicable in the Development plan area.

15. No person shall construct any building within 2m for water bodies having width less than 10m, 3m for water bodies having width upto 20m and 5m for other water bodies having width greater than 20m , from the boundary of Water bodies other than ponds in the Development plan.

16. Provision of septic tank must be made mandatory for obtaining building permit.

17. Any use not specified either in the 'uses permitted' or 'uses restricted' category of a particular use zone, but which is of a similar nature to any uses permitted or restricted in that particular use zone, can be considered by the Secretary, with the concurrence of the Town Planner or Chief Town Planner as the case may be.

18. In privately owned land which is zoned for Public and Semi-public use zone, the Secretary may, based on Council Resolution with the concurrence of the Town Planner shall permit such uses permitted/uses restricted -1/ uses restricted- 2 of the adjacent land use zone, if there are no records available with the Thalassery Municipality regarding any proposal for acquiring that particular privately owned land for any public use at the time of application.

19. Transmission/telecommunication towers, wireless stations, Electric Vehicle Charging Stations, ATMs, water tanks, and public utility buildings/structures shall be treated as permitted uses in all zones except in Agricultural use zone, Ecologically Sensitive Areas, Existing water logged areas.

20. Solid Waste Management Unit, Sewage/ Septage Treatment Plant, Material Collection Facility (MCF) , Resource Recovery Facilities (RRFs) and Water Treatment Plant shall be treated as permitted uses in all zones except in Existing water logged areas, unless otherwise specified anywhere in the Development Plan.

21. Operational constructions as defined in the Kerala Town & Country Planning Act 2016 shall be treated as permitted uses in the Development Plan Area.

22. If widening of existing roads or formation of new roads has been implemented to its full proposed width as envisaged in the Development Plan, but with change in the alignment of the land parcel in stretches excluded from the original alignment may be changed to adjacent suitable land use zone in the Development Plan; with the concurrence of the Town Planner.

23. Width of the access road mentioned in this zoning regulations shall be the whole right of way of the existing road including service roads, if any.

24. In case of uncertainty in identifying the land use, the alignment and boundary of drain, canal, river, existing public road, railway land due to the absence or change in the survey boundaries and survey numbers entered in the Development Plan, it shall be referred to the actual position on ground as well as revenue

records and appropriate decision can be taken by the Secretary.

25. If different land use zones falls within a single plot, all uses permitted as per zoning regulations of any land use zones falling within that plot may be permitted by the Secretary in the plot. If application submitted includes any of the restricted uses of any of land use zone or permitted uses/restricted uses of other zones included, the Secretary shall issue permit with the concurrence of Town Planner/Chief Town Planner, as the case may be. However, for the part of the plot which comes under Ecologically Sensitive Area, Existing water logged area and rivers, canals, etc, this provision shall not be applicable.

26. The Government shall have the power to issue clarifications in respect of technical interpretations, if any, required in any of the provisions of the Development Plan in consultation with the Chief Town Planner concerned.
